## PMV Pharmaceuticals Reports First Quarter 2022 Financial Results and Corporate Highlights

- *Oral presentation at 2022 ASCO annual meeting to highlight initial data from ongoing Phase 1/2 PYNACLE study of PC14586 in patients with advanced solid tumors*

CRANBURY, N.J., May 10, 2022 (GLOBE NEWSWIRE) -- PMV Pharmaceuticals, Inc. (Nasdaq: PMVP), a precision oncology company pioneering the discovery and development of small molecule, tumor-agnostic therapies targeting p53, today reported financial results for the first quarter ended March 31, 2022, and provided a corporate update.

“Our priority in 2022 is execution of the ongoing Phase 1/2 trial evaluating PC14586, our investigational first-in-class p53 Y220C reactivator, in patients with solid tumors, as well as continued progress on our pipeline” said David Mack, Ph.D., President, and Chief Executive Officer. “We look forward to presenting initial data from the Phase 1 dose escalation trial at the 2022 ASCO annual meeting.”

### Corporate Highlights:

- PC14586 initial data from the dose escalation portion of the Phase 1/2 PYNACLE study selected for an oral presentation at the 2022 ASCO annual meeting on June 7<sup>th</sup>. For more information on the Phase 1/2 trial, refer to [www.clinicaltrials.gov](http://www.clinicaltrials.gov) (NCT study identifier NCT04585750).
- Poster titled “Small Molecule Reactivators of Y220C Mutant p53 Modulate Tumor Infiltrating Leukocytes and Synergize with Immune Checkpoint Inhibitors” presented at the American Association of Cancer Research Annual Meeting 2022.
- Continued progress on research pipeline with WIP1 (Wild-Type p53-Induced Phosphatase) inhibitor and p53 mutant programs.

### First Quarter 2022 Financial Results

- As of March 31, 2022, PMV Pharma had \$294.8 million in cash, cash equivalents, and marketable securities, compared to \$314.1 million as of December 31, 2021. Net cash used in operations was \$18.0 million for the three months ended March 31, 2022 compared to \$12.9 million for the three months ended March 31, 2021.
  - Net loss for the quarter ended March 31, 2022 was \$18.4 million compared to \$11.6 million for the quarter ended March 31, 2021.
  - Research and development (R&D) expenses were \$11.8 million for the quarter ended March 31, 2022 compared to \$7.5 million for the quarter ended March 31, 2021. The increase in R&D expenses was primarily related to increased headcount and clinical development expenses to advance PC14586, the Company’s lead drug candidate.
  - General and administrative (G&A) expenses were \$6.8 million for the quarter ended March 31, 2022, compared to \$4.2 million for the quarter ended March 31, 2021. The increase in G&A expenses was primarily due to expanding the infrastructure necessary for operating as a public company.
-

## About PC14586

PC14586 is a first-in-class, small molecule, p53 reactivator designed to selectively bind to the crevice present in the p53 Y220C mutant protein, hence, restoring the wild-type, or normal, p53 protein structure and tumor-suppressing function. PC14586 is being developed for the treatment of patients with locally advanced or metastatic solid tumors that have a p53 Y220C mutation. For more information on the Phase 1/2 PYNACLE trial (PMV-586-101), refer to [www.clinicaltrials.gov](http://www.clinicaltrials.gov) (NCT study identifier NCT04585750).

## About PMV Pharma

PMV Pharma is a precision oncology company pioneering the discovery and development of small molecule, tumor-agnostic therapies targeting p53. p53 mutations are found in approximately half of all cancers. The field of p53 biology was established by our co-founder Dr. Arnold Levine when he discovered the p53 protein in 1979. Bringing together leaders in the field to utilize over four decades of p53 biology, PMV Pharma combines unique biological understanding with pharmaceutical development focus. PMV Pharma is headquartered in Cranbury, New Jersey. For more information, please visit [www.pmvpharma.com](http://www.pmvpharma.com).

## Forward-Looking Statements

Statements contained in this press release regarding matters that are not historical facts are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Because such statements are subject to risks and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. Such statements include, but are not limited to, statements regarding the Company’s future plans or expectations for PC14586, including expectations regarding success of its current clinical trial for PC14586 and any future commercialization plans for the product candidate; and the future plans or expectations for the Company’s discovery platform for its other early-stage and clinical candidates. Any forward-looking statements in this statement are based on management’s current expectations of future events and are subject to a number of risks and uncertainties that could cause actual results to differ materially and adversely from those set forth in or implied by such forward-looking statements. Risks that contribute to the uncertain nature of the forward-looking statements include: the success, cost, and timing of the Company’s product candidate development activities and planned clinical trials, the Company’s ability to execute on its strategy and operate as an early clinical stage company, the potential for clinical trials of PC14586 or any future clinical trials of other product candidates to differ from preclinical, preliminary or expected results, the Company’s ability to fund operations, and the impact that the current COVID-19 pandemic will have on the Company’s clinical trials, supply chain, and operations, as well as those risks and uncertainties set forth in the section entitled “Risk Factors” in the Company’s Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on March 1, 2022, the Company’s Quarterly Report on Form 10-Q filed with the SEC on May 10, 2022 and its other filings filed with the SEC. All forward-looking statements contained in this press release speak only as of the date on which they were made. The Company undertakes no obligation to update such statements to reflect events that occur or circumstances that exist after the date on which they were made.
